Atriax, PLLC has been a federal government AE contractor for 24 years. Disaster recovery services include:

- Project Management
- Drone Inspections
- Quality Control
- Architectural Design
- Construction Phase Services
- Interior Design
- Civil Engineering

Why Atriax?

- Atriax Group is fully-operational from Hickory, NC, only a one-hour drive to the most devastated areas (Asheville/Buncombe County; Boone/Watauga County; Avery, Mitchell, Yancey, and Haywood Counties).
- Team members are in close proximity to Western North Carolina.
- We know the mountains of North Carolina.
- Previous experience with multiple disasters through an existing FEMA contract.
- We have worked with a wide variety of federal agencies and affiliated organizations, including yours.
- We have a successful history with this proposed team.
- This team is comprised of SDVOSB, SPSF, WBE, and HUB firms, and U.S. Veterans.
- Atriax is already in all federal databases.
